

Vitalize Low Carb Plus

Pasze specjalne

Ergänzungsfuttermittel für Pferde

Vitalize Low Carb Plus is enriched with highly digestible crude fibre, the metabolism is relieved by the low sugar and starch content, the intestinal flora is optimally promoted by the crude fibre content. The energy that is usually obtained from cereals has been replaced here by fatty sunflower seeds and rice husk bran. In addition, high-protein alfalfa is added to supply the body with essential amino acids that also support the muscular system.

The addition of AO-Ferm™, a fermentation product of the Aspergillus oryzae fungus, has a prebiotic effect and can increase the digestibility of crude fibre and starch. The nutrients ingested in the feed can be better absorbed and used by the body. As a prebiotic, AO-Ferm™ is the food for living microorganisms in the horse's digestive tract. The growth and the multiplication of the good microbes in the intestine can be stimulated and an optimally utilised digestion of the nutrients can thus be guaranteed.

The natural composition and the addition of AO-Ferm™ can ensure an increased quality of life for your horse. The digestive system is relieved in a targeted manner and its function is strengthened. The muesli is enhanced and refined by cold-pressed milk thistle oil and the optimum ratio of minerals, vitamins and trace elements.

The benefits at a glance:

- grain-free, reduced sugar and starch
- ideal for feeding in the case of metabolic disorders, can be used as single crib feed
- with the prebiotic AO-Ferm™ for optimised nutrient absorption and more effective digestibility
- the high level of structure promotes mastication and the production of saliva and improves the gastrointestinal environment
- with high-quality vegetable fatty acids and high-protein alfalfa

Dawkowanie:

Feeding recommendation:

light to moderate work: 250 g - 400 g per 100 kg body weight per day

With smaller quantities, we recommend adding a mineral supplement.

Skład: 41,8 % mączka z lucerny, 11,6 % otręby ryżowe, 11,2 % wysłodki owocowe, 7,0 % otręby pszenne, 6,1 % sieczka z lucerny, 4,0 % makuch liniany, 3,9 % poekstrakcyjna śruta słonecznikowa, 2,5 % lignoceluloza, 2,3 % ziarno słonecznika, 2,0 % chleb świętojański kruszony, 1,8 % melasa z buraka cukrowego, 1,7 % marchew suszona, 1,5 % węglan wapnia, 1,5 % melasa, 1,4 % olej z ostropestu plamistego, 0,6 % pietruszka (łodyga), 0,4 % chlorek sodu, 0,3 % rozmaryn, 0,2 % liść pokrzywy, 0,2 % kolendra, 0,2 % mięta pieprzowa, 0,2 % bazylia, 0,1 % karczochy, 0,1 % mniszek lekarski, 0,1 % czosnek, 0,1 % Produkt from Aspergillus

oryzae, high in protein, 0,1 % liście głogu, 0,1 % liście ostropestu plamistego, 0,1 % liście miłorzębu

białko og. strawne (vRp): 90,5 g/kg
prececal digestible protein (pcvRp): 83,6 g/kg
energia strawna (MJ DE): 9,3 MJ DE/kg
Metabolizable energy (MJ ME): 7,9 MJ ME/kg

Analiza: 13,00 % białko surowe, 5,70 % tłuszcz surowy, 21,1 % włókno surowe, 9,90 % popiół surowy, 1,80 % wapń, 0,45 % fosfor, 0,25 % sód, 0,22 % magnez, 2,60 % skrobia, 6,00 % cukier

Dodatki zywieniowe w 1kg: 8.300 I.E. witamina A (3a672a) ^{NA}, 800 I.E. witamina D3 (3a671) ^{NA}, 200,00 mg Witamina E (3a700i) ^{NA}, 41,00 mg witamina C (3a312) ^{NA}, 8,00 mg witamina B1 (3a821) ^{NA}, 8,00 mg witamina B2 (3a825i) ^{NA}, 8,00 mg witamina B6 - chlorowodorek pirodyksyny (3a831) ^{NA}, 20,00 mg niacyna (3a314) ^{NA}, 16,00 mg pantotenian wapnia ^{NA}, 260,00 mcg biotyna (3a880) ^{NA}, 3,00 mg kwas foliowy (3a316) ^{NA}, 100,00 mg chlorek choliny (3a890) ^{NA}, 85,00 mg żelazo (3b103) (siarczan żelazawy monohydryat) ^{NA}, 70,00 mg mangan (3b502) - tlenek manganowy ^{NA}, 120,00 mg tlenek cynku (3b603) ^{NA}, 20,00 mg miedź (3b405) (siarczan miedzi pięciowodny) ^{NA}, 0,35 mg selen (3b801) - selenian sodu ^{NA}, 0,85 mg bezwodny jodan wapnia (3b202) ^{NA}, 335,00 mg Propionic acid (1k280), 324,00 mg Propionsäure aus Natriumpropionat (1k281) ^{TA}, 984,00 mg Propionsäure aus Calciumpropionat (1a282) ^{TA}
